ABINGDON HERITAGE WEEKEND 2025

13 & 14 SEPT

Exploring Abingdon's fascinating architectural history is the theme of this year's Heritage Weekend. As the longest continuously inhabited town in Britain there is plenty to see and discover.

Visit our Roysse Room exhibition to rediscover some of our town's lost buildings (from mansions to the workhouse) and view pictures of the town taken during the Second World War **Sat & Sun 10am - 4pm**

Call in to Unit 25 in Bury Street to see what was there before the precinct and Charter, and why it all changed in the 1960s and 70s
Fri - Mon 10am - 4pm

Enjoy a re-enactment of Roman life and witness rural building crafts of a bygone age in the ancient Abbey Buildings **Sat 10am - 4pm**

Visit some of the 12 or more fascinating buildings which are opening on the Saturday: new for this year are the Old Gaol foyer, the ultra-modern Sophos Building and Christchurch Barn conversion.

Explore the rich architectural history of our parish church, St Helen's.

Take a guided walk on the Sunday, or follow one of our self-guided trails.

There is plenty to see and do all weekend for all the family and, using a treasure map, you could win cinema tickets whilst exploring more of our historic town.

For more details bookmark our website: **www.abingdonheritage.org.uk**. Check out the 'Programme' and 'Open Properties' pages which are being updated as plans firm up or pick up our programme leaflet which will be available at the beginning of September.
